Your Indonesian *spice sourcing* partner

CV Agro Berkah Gemilang is a registered Indonesian spice supplier based in Surabaya, East Java, home of the Port of Tanjung Perak. We connect international buyers with carefully selected Indonesian spices grown by partner farmers and on our own land.

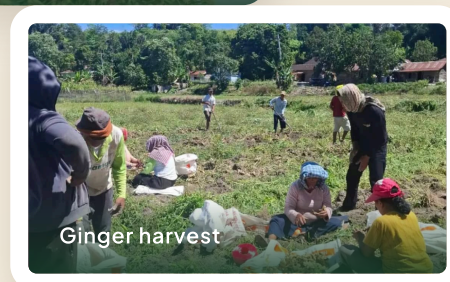

We work close to origin, then sort, dry, grade and prepare each order to the agreed specification. Every lot is traceable from harvest to loading, and every commitment we make is one we can control ourselves.

— WHAT WE DO

Source at origin

We buy directly from partner farms and harvest from our own Java long pepper land, choosing healthy, mature crops.

Sort, dry & grade

Hand sorted, sun dried and graded to the specification agreed with you, with moisture checked before packing.

Prepare for export

Export packing, fumigation and documents arranged per shipment, delivered on board at the Port of Surabaya.

We keep the chain between the farmer and your warehouse as short as possible, and we commit only to what we can control.

CV AGRO BERKAH GEMILANG · SURABAYA, EAST JAVA

Short supply chain, honest quality, *clear communication.*

We are transparent about what we hold today and what we arrange for every shipment, so you always know exactly what you are buying.

Direct from origin

Sourced straight from partner farms and our own land, keeping the supply chain short and transparent, with full traceability from harvest to container.

Export grade selection

Hand sorted, properly dried and graded to meet international quality specifications. Naturally sun dried, no artificial colouring or additives.

Transparent & compliant

Certificate of Analysis (COA), phytosanitary certificate, fumigation and origin documents arranged for every shipment to the destination requirement.

Flexible supply

From trial orders to full container loads (FCL), with packaging tailored to your market. Fair, long term partnerships with the farmers who grow our spices.

CABE JAMBU

Java Long Pepper

Piper retrofractum

Pungent dried fruit spikes, prized in herbal and culinary markets.

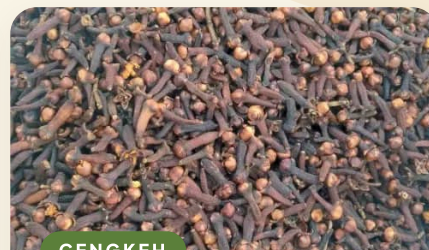

KAPULAGA

Cardamom

Amomum compactum

Aromatic Java cardamom pods with a sweet note reminiscent of eucalyptus.

CENGKEH

Clove

Syzygium aromaticum

Hand picked whole cloves with high volatile oil content.

JAHE GAJAH

Elephant Ginger

Zingiber officinale

Large rhizome ginger, available fresh or as dried slices.

KAYU MANIS

Indonesian Cinnamon

Cinnamomum burmannii

Warm, naturally aromatic cinnamon for food and beverage markets.

PALA

Nutmeg

Myristica fragrans

Whole shelled nutmeg in AB, ABCD, SS and BWP grades.

BUNGA PALA

Mace

Myristica fragrans (aril)

The delicate aril of the nutmeg, dried to a bright orange.

VANILI

Vanilla Beans

Vanilla planifolia

Plump, oily cured beans with a rich, sweet aroma.

— PACKAGING

Bulk bags

PP or jute bags, 25 to 50 kg, for export volume orders.

Carton packing

Clean packing for selected products and samples.

Custom request

Packing specification agreed before production.

From farm *to container.*

Quality starts at the farm and is checked at every step. This is the journey every lot takes before it is packed.

01

Sourcing

Bought directly from partner farms and our own land; healthy, mature harvests.

02

Sorting & cleaning

Hand sorted to remove foreign matter, immature or damaged pieces.

03

Drying

Sun dried, or controlled drying, to the target moisture for safe storage.

04

Grading

Graded to the agreed spec: size, colour, moisture and cleanliness.

05

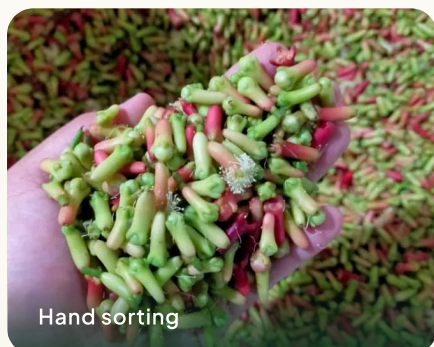

Quality check

Final inspection and moisture measurement against the contract spec.

06

Packing & fumigation

Food safe bags; fumigation and documents arranged per shipment.

Hand sorting

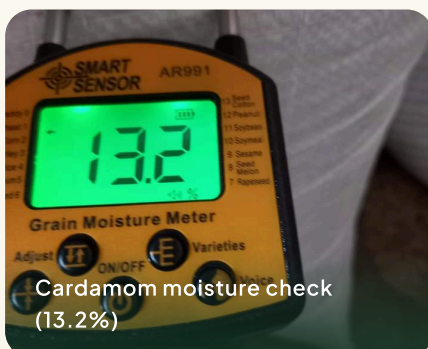

Sun drying

Grading & QC

Drying trays

Cardamom moisture check (13.2%)

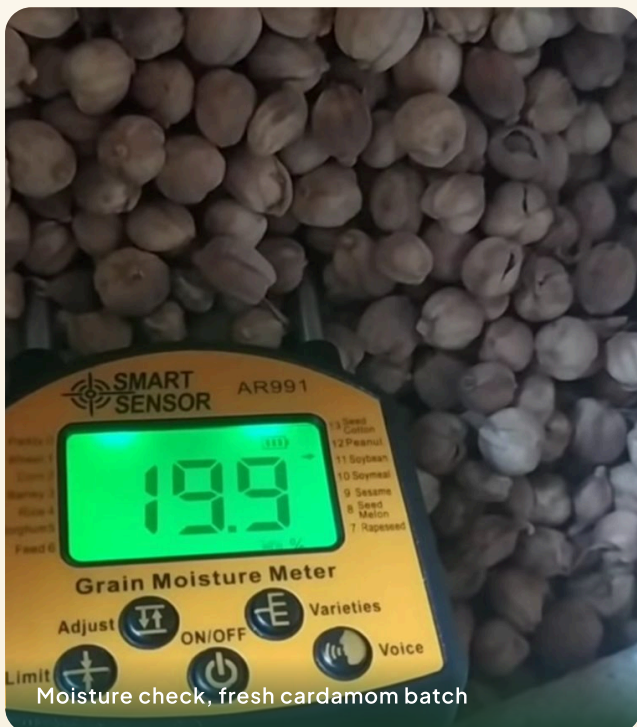

Sorting & packing cinnamon

Moisture is measured on every lot before packing, because a dry, clean product is what keeps its aroma all the way to your warehouse.

QUALITY CONTROL

Checked on every lot, *before it is packed.*

Every order is checked against the specification agreed in the contract. Representative samples are shipped before you commit, and the same lot is what goes into the container.

Every lot

Moisture measured before packing

Same lot

Sample approved = lot shipped

What we check on every lot

- ✓ **Form & grade** — whole, broken or ground, sorted to the agreed grade
- ✓ **Colour & appearance** — even colour, no discoloured or damaged pieces
- ✓ **Moisture** — measured with a calibrated meter before packing
- ✓ **Cleanliness** — foreign matter, stems and dust removed by hand sorting
- ✓ **Aroma** — strength and character typical of the spice
- ✓ **Packing** — food safe bags, correct weight and clear lot marking

— ON REQUEST

Laboratory analysis and additional testing, such as ash, essential oil, aflatoxin, heavy metals or pesticide residues, can be arranged through an accredited laboratory to meet the requirement of your destination market.

We only promise what we can check ourselves, and we put it in writing in the sales contract.

QUALITY PROMISE

From inquiry to *loaded on board.*

A simple, honest export process. We sell on FOB Surabaya terms and take full responsibility until the cargo is safely on board your nominated vessel.

01

Inquiry & FOB quote

Send your target spice, grade, volume and destination. We reply with a clear FOB offer.

02

Sample approval

Representative samples are arranged so you can verify quality before committing.

03

Contract & payment

Terms agreed in a sales contract (Proforma Invoice), with payment terms to suit both sides.

04

Processing & QC

Goods are sorted, dried, graded and quality checked against the agreed specification.

05

Documents & fumigation

Phytosanitary, fumigation and COA arranged; export documents prepared.

06

Loaded on board (FOB)

We deliver the goods on board your nominated vessel at the port of loading. Freight and insurance are arranged by the buyer.

OUR RESPONSIBILITY

- ✓ Quality check to the agreed specification
- ✓ Export packing & fumigation
- ✓ Export documents & customs clearance
- ✓ Trucking to port & loading on board

FOB

On board the vessel

Port of Surabaya
(Tanjung Perak)

BUYER'S RESPONSIBILITY

- Ocean freight & shipping line booking
- Marine cargo insurance
- Import duties & clearance at destination
- Delivery to your warehouse

One clear handover point

Responsibility transfers the moment the cargo is on board. No grey areas.

You control freight & insurance

Use your own forwarder, shipping line and insurer at the rates you negotiate.

We commit to what we control

Quality, packing, documents and loading are fully in our hands, so we stand behind them.

— LET'S TALK

REPLY WITHIN 24H

Request a quote *or samples.*

Tell us the spice, grade, volume and destination port. We usually reply within 24 hours with a clear FOB offer.
